Message from CEO

“Abad strives to uphold its core values while providing excellent service to every client. Our high quality standards and expansive product and service offerings, coupled with our robust last mile connectivity, puts us in a league of our own and enables us to compete in every market nationwide.”

History & Legacy of Abad

Founded by Usman Mohammed Hashim in 1931, Abad group's history & legacy is built over a century of trust. Abad group today has diversified into various fields, establishing itself as a leader in each. We are one of the leading processors & distributors of frozen foods in India. For better quality and a longer shelf life, we use the most cutting-edge and hygienic conservation methods. Our major focus is on providing customers with world class frozen foods.

About Us

Abad Foods is your go-to kitchen partner delivering seafood, poultry, meat & value added frozen food products to your doorstep. Our Ready-to-Cook range of products is sourced from certified suppliers & farms. From source to delivery, our trained workforce handles every product with utmost care and unstinting attention to hygiene. Our products are processed in world-class facilities with HACCP implementation. We have 19 outlets catering to over 13000 customers.

Why Us

We have a wide variety of seafood that is sourced from all along India's coastline. The seafood is Individually Quick Frozen to capture peak freshness and flavour. Our poultry is sourced from certified farms in India with Halal certification. Production standards are world class with automation ensuring quality is upheld from source to store. Our trained workforce handles every product with expert care.

Our Presence

Logistics & Storage facility

Abad Foods has a large logistics fleet with over 100 vehicles covering all major cities, as well as urban, semi-urban, and rural areas, ensuring timely delivery.

Food Safety

Abad Foods always ensure a four level quality assurance from procurement to distribution.

- 1) **Sourcing** : We ensure all our products that we provide are both directly & ethically procured from quality sources.
 - 2) **Processing** : Our quality practices are stringent and internationally accepted. Our manufacturing & processing standards ensure quality assurance at every stage from source to store.
 - 3) **Packaging** : Our products are packed in three layer protected packaging to ensure product preservation.
 - 4) **Distribution** : We ensure that the temperature is maintained at an optimal temperature throughout our cold chain distribution channel till it reaches the end user.
- Abad Foods quality assurance team is always committed to meeting customer satisfaction through various platforms for better products & services.
